## Clinton County Health Department Press Release Community Partnership Award March 1, 2010

On January 27, 2010, the Clinton County Health Department presented the Ladies of the Lake Quilting Club with a Community Partnership Award. The Ladies of the Lake Quilting Club created and donated a quilted wall hanging for use in the Clinton County employee breastfeeding room. The handmade art work is a labor of love and commitment from the members and clearly shows their support for the art of mothering and breastfeeding, a true public health practice. Clinton County has taken steps to comply with state legislation in creating a space for mothers who are nursing their babies, and this quilt added a beautiful touch to the space.
