Press Release
"Healthy Neighborhoods May Be Coming To Your Neighborhood"
(April, 2019)**

The Healthy Neighborhoods Program of the Clinton County Health Department will be conducting door to door outreach and offering in-home surveys in the Town of Plattsburgh during the months of April, May and June. These brief in-home surveys are designed to identify and educate residents on health and safety concerns. The Healthy Neighborhoods Program may provide home safety products depending upon the needs of the household.

During the home visit, education will be provided regarding fire and burn safety, carbon monoxide poisoning prevention, lead poisoning prevention, asthma, injury prevention and many other health and safety topics. Information about community resources and referrals to other programs are offered as needed. Participation in the Healthy Neighborhoods Program is free and open to all Clinton County Residents!
