Press Release
Community Partnership Award
June 30, 2009**

The Clinton County Health Department on June 24, 2009 recognized Mary Anne Cox from NAMI (National Alliance on Mental Illness) with a Community Partnership Award. This is for exceptional work done by a community partner in helping with the Department's public health mission. Mary Anne, a licensed mental health professional, is an integral part of the ongoing development, service provision, and sustainability of the Kidshape© program. Mental health is a key component of the program and she gives these families the guidance and support needed to be healthy. Her commitment to the program and to the health and wellness of the families involved is a model for us all.
