News Release

Potential COVID-19 Exposure

Mooers Forks, November 4, 2021. Residents who attended a funeral service and subsequent reception at St. Ann Catholic Church in Mooers Forks on Monday, November 1, 2021 may have been exposed to COVID-19. The Clinton County Health Department recommends that residents self-monitor for symptoms of COVID-19 over the 14-day period from the date of the potential exposure. Symptoms include, but are not limited to, fever, cough, chills, congestion, headache and loss of sense of taste and smell. If experiencing these or other symptoms of illness, seek immediate testing by contacting your medical provider or an urgent care center.

About the Clinton County Health Department:

The Health Department is an accredited full service department serving the residents of Clinton County. The Health Department’s Mission is to improve and protect the health, well-being and environment of the people of Clinton County.
