### Clinton County Health Department Press Release

#### **"Healthy Neighborhoods May Be Coming To Your Neighborhood" (December, 2018)**

The Healthy Neighborhoods Program of the Clinton County Health Department will be conducting door to door outreach and offering in-home surveys in the Town of Peru during the months of January, February, and March. These brief in-home surveys are designed to identify and educate residents on health and safety concerns. Home safety products such as carbon monoxide and smoke detectors, first aid kits, flashlights, asthma safety materials and child safety products are some of the items that are provided by the Healthy Neighborhoods Program depending upon the needs of the household.

During the home visit, education is provided regarding fire and burn safety, carbon monoxide poisoning prevention, lead poisoning prevention, asthma, injury prevention and many other health and safety topics. Information and referrals may also be provided regarding available community resources for which the family may qualify. Participation in the Healthy Neighborhoods Program is free and open to all Clinton County Residents! Don't miss this opportunity to participate.

If you would like more information about Healthy Neighborhoods or would like to schedule an appointment, please contact Healthy Neighborhoods at (518) 565-4870 or visit us on the web at [www.clintonhealth.org](http://www.clintonhealth.org).

**The Health Department is an accredited full service department serving the residents of Clinton County. The Health Department's Mission is to improve and protect the health, well-being and environment of the people of Clinton County. Visit [www.ClintonHealth.org](http://www.ClintonHealth.org) for more information.**
