

# PUBLIC HEALTH WORKS!

## Health Services Staff

Clinton County Health Department

- ◆ Prevents diseases by offering low cost or free vaccination clinics for children, adults, and travelers.
- ◆ Helps pregnant moms stay healthy and confident while awaiting the arrival of their baby.
- ◆ Screens children for lead and educates parents on lead poisoning prevention.
- ◆ Works to identify the cause of illness, limit its spread, and prevent its recurrence.
- ◆ Plans for and responds to public health emergencies, helping the community stay safe and recover quickly.
- ◆ Health Services is here to help you stay healthy!

**Health Services is how**

# PUBLIC HEALTH WORKS!

Public Health is Working  
Every Day to Keep You  
and Your Family Healthy!
