

Required Signage for Beaches with Supervision Level IIb

Beach operators must post the following information on sign(s):

- Hours during which public bathing is allowed, and that bathing at other times is prohibited;
- No boating, water skiing, fishing, or surfboarding shall be permitted in the bathing area when bathing is allowed;
- No motorized vehicles except emergency and maintenance vehicles will be permitted on the beach.
- Depth markings shall be provided at all diving boards, platforms, piers, floats, and similar facilities. Warning signs stating “No Diving” must be provided where water depths are less than eight feet;
- Maximum capacity of the beach and that the maximum capacity of the beach is not to be exceeded;
- Glass containers are not permitted on the beach.
